

## GOOD ATTENDANCE

Enthusiastic Crowd at Cyclomere Track.

## BEST RACES OF SEASON

Martin Makes Showing With Professionals.

Lyle Wins Over Giles in a Pocket Race—Sylvia in Great Form.

Cyclomere Park was all ablaze with lights Tuesday night, the event being the third series of events of the present season. Many people said that no amount of being Tuesday night there would not be much of a crowd. However, there are many mistakes made in a lifetime, and so over a thousand people turned out. A more enthusiastic crowd was never seen in Honolulu. As the riders came on the track they were met with rounds of applause.

The same officers had charge of the event, with the exception of James Lloyd, who acted as announcer in place of William Neill. He did his work exceedingly well.

The management secured the services of the Quinette Club and thereby rendered the evening a much more pleasant one.

The events began at a little after 8 o'clock, and were as follows:

## FIRST RACE.

One-third-mile professional (sprint). Jones, Martin and Sylvester were the starters in the first heat. Martin started out ahead, but did not hold the lead long. Jones took the lead at the first turn and kept increasing his pace. Martin held on very well. At the last turn Sylvester crawled up and joined Martin. Then it was that Jones set out in earnest, winning easily in 32 seconds. The time was very slow.

The next heat was between Whitman, Sharrick and Sylvia. The last named started out ahead with a quick pace, and was followed by Sharrick and then Whitman. This position they kept until the final turn, when Sharrick made a sport and came to first by a very little to spare. Sylvia made second. Time, 31 4-5 seconds.

Final heat—Jones, Sharrick, Martin and Sylvia. Whitman engaged to pace this lap to make good time. Sylvia leads with Jones second. Martin last. Sylvia passes Whitman, but Sharrick takes the lead, finishing first with Martin second and Jones third. The race was a very pretty one, and was finished in 45 1-5 seconds.

## SECOND RACE.

Five amateur (handicap)—First heat: King, scratch; Arthur Giles, 20 yards; W. Lyle, 25 yards; W. Chilton, 30 yards. King was soon up with his opponents, but fell at the last turn of the first lap. Lyle took the lead, with Giles next. King got on his wheel and followed, at the end of the second lap the positions were the same. Giles plays possum and comes in a half wheel length ahead, with Lyle second and Chilton last. King went into quarters at the end of the second lap. Time, 1:20 4-5.

Second heat—Fred Damon, scratch; H. E. Giles and H. E. Walker, 25 yards; James, 30 yards; Murray, 40 yards. In the first lap Damon crawled up well and was soon following very closely. At the end of the first lap Porter was in the lead, and at the end of the second Murray set the pace. On the last turn Walker started out on a very swift pace, but Damon followed and finished first. Walker was a close second. Time, 1:20 4-5.

Final heat—Damon, scratch; A. Giles, 20 yards; Walker and Lyle, 25 yards; Lyle and Murray, 40 yards. In the first lap, Giles dropped far behind and seemed to be in a pocket. At the end of the second lap Walker was ahead, with Lyle following closely. The crowd cried, "Combination on the kid!" and indeed it did seem to be so. Crawl up on the bank or hang to the edge of the water. Giles could not get ahead. He tried his best on the last turn, but someone was always ahead of him. The race finished with Lyle first, Damon second, Walker third and Giles last. Time, 1:12.

## THIRD RACE.

Two-mile professional (handicap)—First heat: Jones and Sharrick, scratch; Martin, 25 yards. Martin starts out with a swift pace, and Sharrick and Jones do not catch up to him until the end of the first lap. Then the positions are: Martin, Sharrick and Jones. At the end of the second lap, Jones leads, with Martin second, and at the end of the third the positions are the same. At the end of the fourth Sharrick is in the lead, with Jones next. There is no increase in speed, and the positions are as follows at the end of the fifth: Martin, Sharrick and Jones. Martin sets a very warm pace on the last turn, and it is all that Sharrick and Jones can do to catch up with him. However, Sharrick makes a final sport and wins by a very small margin, with Jones second and Martin following very closely. The race was the prettiest of the evening. Time, 1:34 4-5.

Second heat—Whitman, scratch; Sylvia, 15 yards; Sylvester, 50 yards. This heat started off with very good speed. Whitman made up his mind to catch the bunch before the end of the

first lap. At this time Sylvia was ahead, with Whitman second. At the end of the second Sylvia was first again, with Sylvester second. The third lap saw Whitman ahead with Sylvia second. The fourth lap closed with Sylvia in the lead and Sylvester second. The fifth was the same. Soon after Sylvester took the lead, and half way around the three were together. Sylvia then took the lead and Whitman followed, leaving Sylvester far in the rear. It was a beautiful finish between the fast rider from the Coast and Sylvia. The Honolulu boy was too much of a scouter and finished first, with Whitman a close second. Time, 5:15.

Final heat—Sharrick, Jones, Whitman and Sylvia, all on the scratch. Sharrick took the lead, with Whitman, Jones and Sylvia following closely. At the end of the first lap Whitman took the lead, with Jones second. The pace was slow, and at the end of the second Jones took the lead, with Sylvia second. The third saw Sylvia in the lead, with Whitman second. The fourth showed the same positions. In the fifth Jones took the lead, with the others closely bunched at the first turn of the last lap. Sylvia thought of his mountain home and climbed the hill. Then he came down again for a big lead, and began the sport, with Whitman following. Jones was not slow, and soon had the lead, finishing beautifully quite a distance ahead. Sharrick was second, with Sylvia third. Time, 5:24 4-5.

## TRIED FOR RECORD.

The fifth event was an exhibition one-third-mile, flying start by Lyle, paced on a tandem by Damon and Walker. Lyle kept up beautifully with his pacers all the way around, but could not pass them. His time was 4:41 4-5, the best amateur record on the Islands.

## "TRILBY'S" FRANKS.

"Trilby" again jumped over his hand-bars and made people wonder if there really were any bones in his body. He was in excellent form, with the usual accustomed smile, and he never forgot to keep away from the water's edge.

## EXHIBITION THIRD.

Jones, paced by Sharrick and Whitman on a tandem, in an exhibition one-third-mile, was the last event on the evening's program. They were going like the wind when they passed the line on a flying start, and at the finish Jones beat his pacers. Time, 9:30 flat.

## NOTES.

The races were the best of the season. William Savidge acted as clerk of the course. The crowd was a fitting testimonial to the fact that Cyclomere track is a success.

Every English paper in Honolulu was represented. The O'Leary representative was also present.

C. S. Deaky was the happiest man on the track.

No more trouble was experienced with people blocking the track. They shunk away into stray corners and there they remained.

The lighting was far better than on Saturday night.

Everything went off in much quicker order. Experience has been a great teacher.

The Quinette Club boys were exceedingly lively.

James Lloyd made no mistakes in announcing, and gave excellent satisfaction throughout.

In one event the bicyclists entered into a compact against one rider, this on account of the dissatisfaction of a decision Saturday night.

Jones is still in town, as the other riders found in the final of the two-mile professional race last night.

The judges disappeared for a while, but Mr. Deaky says they only went to see if any of the riders were injured in any of the races.

## MARSHAL'S MEDAL.

Six Months' Shoot in Citizens' Guard Nearing Close.

The members of the Citizens' Guard are still plying away at their targets in competition for the medal offered by Marshal Brown, and to be presented in December to the one making the highest average score during six months previous, this average to be taken from 10 scores shot on different days. Seven or eight have completed their scores. Among these are Otto Ose, with an average of 406; V. J. Fagaroa, with 405, and W. Storey, with 404. The highest score made so far is 441, this by Charles Everett of Company 7, Division 1. This is a very hard record to beat, and the chances are that Everett will take the medal. If some of those who have not yet completed their scores do not get to work and do some hard work, Everett's score is as follows:

## Suggestion for Child Training.

MR. EDITOR.—I notice in your semi-weekly edition of October 15th an editorial on "Child Training." It is a suggestive article on a most neglected, but very practical, subject. It has always seemed to me that our system of elementary English education has neglected the practical. Sewing and some work in the mechanical lines have received a little attention, but the elements of cooking, gardening, fruit-growing, agriculture, and the idea of possession and arrangement of household articles are quite neglected. If the teachers would take an active interest 10 years would not pass before these islands would abound in all kinds of fruits, and each house would have a little garden of its own. A simple way to start this is for each teach-

er to have a place for little boxes, say a platform on the outside, beneath the window. Have each child get a cigar or chalk box. The teacher furnishes seeds and the child plants that in which he is interested. If it is such articles as cabbages or tomatoes, encourage the child to take them home and plant them.

Thus a garden is started. If they grow fruit trees, as lemons or oranges, or start flowers, as roses, let the child take them home. The teacher can also ask pupils if they know where there are young mangoes, alligator pears, etc., that can be taken up. Some other child is sure to want them.

The practical work in gardening and agriculture can be imparted in a limited way by having a space of a few hundred square feet of ground fenced with chicken wire, probably in the school yard, in which the pupils can plant, cultivate, see grow, come to maturity and harvest, all the vegetables and grains of the temperate climate, hardly one of which the pupils know a single thing about. This will be very elementary, but it will be in the practical line which your article suggests.

It will tend to teach industry and the dignity of labor, and make a bond of interest between the home and the school, to say nothing of its educational value.

## MORTGAGEE'S NOTICE OF INTENTION TO FORECLOSE AND OF SALE.

Notice is hereby given, that by virtue of powers of sale contained in those two certain mortgages made by Antonio Rosa to the Trustees under the will of William C. Lunaliio, deceased, the first of which said mortgages is dated December 13, 1882, and recorded in the Registry of Conveyances in Honolulu, Oahu, in Liber 79, pages 208 and 209; and the second dated May 17, 1884, and recorded in said Registry in Liber 88, pages 186, 187 and 188, the mortgagees intend to foreclose said mortgages for breach of condition in them respectively contained, to-wit: the non-payment of principal and interest.

Notice is also hereby given that all and singular the lands, tenements and hereditaments described in said mortgages, and which are the same as described in each of said mortgage respectively, will be sold at public auction, at the auction rooms of James F. Morgan, on Queen street in said Honolulu, on Saturday, the 27th day of November, A. D. 1897, at 12 o'clock noon.

The property described in said mortgages respectively are those three several parcels or tracts of land situate in Kapihi, District of Kona, Island of Oahu, and described as follows:

1. All that parcel of land known as Ounua, on the south side of Kapihi

valley, being the land described as Apana 8 in Land Commission Award 6450, to Kaunuuohu no Moehoua, containing an area of 81 acres more or less.

2. All that parcel of land known as Kokuapala, on the north side of Kapihi valley, being the land described as Apana 9 in Land Commission Award 6450 to Kaunuuohu no Moehoua, containing an area of 105 acres more or less.

3. All that parcel of land known as Puhakuwawa at or near the head of Kapihi valley, being the land described as Apana 10 in Land Commission Award 6450 to Kaunuuohu no Moehoua, containing an area of 326 acres more or less.

All of which parcels or tracts of land being the same as described in deed from D. R. Fyfe, the Commissioner to sell the real estate of W. L. Moehoua, to said Antonio Rosa, dated December 13, 1882, and recorded in said Registry in Liber 79, pages 206, 207 and 208.

The above described tracts of land are adjacent to the city of Honolulu, and being well suited to the cultivation of coffee as well as other products, their sale will afford an exceptional opportunity for the purchase of such land within easy access from Honolulu.

Terms cash. Deeds at the expense of purchasers.
